YOU MAY BE THE NEXT!
MORE THAN ONE A DAY

FOREWORD

THE disasters shown in this book cost the industries of the country very many deaths and dollars.

The losses came from boiler explosions.

Most boiler explosions come from conditions that can be detected and corrected by efficient inspections.

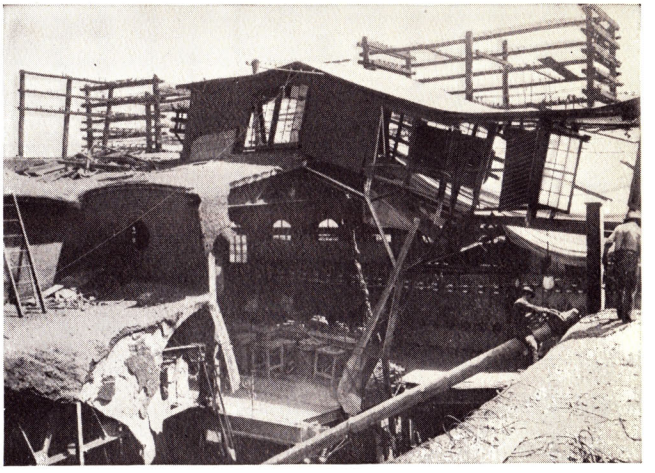
The Maryland Casualty Company, of Baltimore makes thorough, able, internal and external inspections of every boiler insured by a Maryland Steam Boiler Insurance Policy. This is done four times each year.

Some boiler explosions are caused by inherent weaknesses that no inspection can reveal. The Maryland Boiler Policy pays for *all* boiler explosions, and pays to the limit of the Policy.

Last year there were nearly five hundred boiler explosions, less than half of which were covered by insurance.

MARYLAND CASUALTY COMPANY
MERITS COMPLETE CONFIDENCE

Boiler Explosion
at plant of
American Sheet & Tin Plate Company, Canton, Ohio.
14 killed, 40 injured. Heavy property loss.



Boiler Explosion
at plant of
Denver Gas and Electric Company,

WATER TUBE BOILER EXPLOSION
at plant of
BOND LUMBER CO., BOND, MISS.
3 killed, 2 injured. $60,000 property loss.

Locomotive Boiler Explosion
Southern Pacific Railway Round House
San Antonio, Tex.
25 men killed. $50,000 property damage.

WHEN YOUR TURN COMES

for a boiler catastrophe, your Maryland Boiler Policy will be an unbreakable foundation from which to build again.

But the chances are, that, guarded by the Maryland inspections which go with the Maryland Policy, your turn will *never* come.

If it does, your policy provides payment for:

(1) Damage to the plant insured.

(2) Damage to the property of others for which you may be liable.

(3) Liability for injuries and deaths caused by the explosion.

(4) Covers cost and interest on verdict in addition to limits under policy.

A Boiler Policy, as proof that the funds invested in your business are protected, preserves your credit in the financial world.

Not the least important of its benefits is that to you it will bring peace of mind.

Get one.
